USA trip a success!

Pastor Shoo's arrival at the Tanzania airport

Camilla Freedom

The NLF President Pastor Glorious Shoo returned from a successful trip from the US with many testimonies of the Lord's doing while he was there. One of our students Camilla Freedom got a chance to go to study in Ashville Christian Academy in North Carolina. We thank God for the doors He opened there, the wonderful reception he received and all the people who troubled themselves to organize his itinerary and do many other things for New Life Foundation.

Fountain of Hope

"I love you all" were the words of The Best Mathematics student countrywide Victor Mavika , during the award ceremony at NLF where all the students who scored division 1 in their final Grade 12 exams and Mathematics contest top performers received a fat award from New Life Foundation.

Praygod Kitiwi

Division 1 award

"It is in New Life Foundation that I found new life in Christ."

Award recipient

Former Maths teacher accompanied by his wife.

Walter Silas

Division 1 award

"At New Life Foundation all the confusion I had about my life goal disappeared."

NLF PROJECTS

Our greenhouse project which started some time ago is now yielding large yummy tomatoes! We have already started selling them in nearby markets and to staff. Our maize and chicken are also growing rapidly. And soon, we will be milking our own goats.

Fountain of Joy

The girls are back to class and doing their beautiful designs on cloth. Our prayer is that Christ may be formed in them as well.

Fountain of Zoe

The children who went to stay at Fountain of Zoe during the holidays went back to Fountain of Hope on opening day after a time of fun and tender care from the staff there.

Fountain of Love

All the staff benefited greatly from a seminar that was carried out at NLF during the time the students were away on vacation. They were instructed on different methods of dealing with children, training them in godly ways, disciplining and helping them among many other things.

Once again I marvel at the way God works. I am so grateful for all of you our sponsors and supporters. You are the greatest gift that God has given us.

My recent trip to USA was so wonderful and one more time God amazed me.

Friends through our dear missionary Gina Helms had paid for my registration to this wonderful conference by the name of "Voice of Prophets" in Pennsylvania. I was deeply touched and ministered to by God.

From there I went to Connecticut, here we had several children sponsored through the help of our friend Anne Wells and her Unite Africa's team. I was hosted and well fed by the Wells lovely family. Through Anne Wells we were able to establish a partnership with Green Farm Academy and Heritage Christian School. Next year we will be sending our students to these schools and we will also receive students from there. In CT we also had people who donated a new extremely needed laptop to us.

One of our friends Phillip and Sandy Rolfe paid for all my domestic travels and Hotels accommodation. In Atlanta, GA I had an opportunity to reconnect with our friends who have been supporting our ministry. I had a very short but successful trip to Asheville, NC. Bibi (Grandma) Bette Kitt had arranged for me to meet with Asheville Christian Academy (ACA) Administration on possible partnership with Fountain of Hope Christian Schools. Again we thank God that we agreed on partnership. ACA offered a chance for one girl from our school who will be enrolled at Asheville Christian Academy this year until she completes her high school at ACA. Camilla Freedom got the chance to be picked by the NLF Admin. This chance was to be given to Anne Masika as the longest stayed student at NLF. Unfortunately she had moved to another school this year.

Then in Utah I met with Mark Dagel an amazing man who had pledged to support NLF in paying for the building that we will be using for the A level this year. Finally I had wonderful moment with our NLF USA part of the board. Chuck has been like a real dad to me and God has used Chuck and Sue Carlson to be a great blessing to the children at New Life Foundation. David Dodd was another board member who was there all the time.

The meeting was so encouraging, uplifting and comforting.

I recently read a story from the book of Mathew 17: 24-27 this is when tax collectors had asked Jesus' disciples if he pays taxes.

In the story the following truths are simply illustrated.

1. Always there will be needs.
2. Always needs will be met if Jesus is there.
3. When they were asked to pay the taxes nothing (financially) could be seen with their physical eyes.
4. The Provider (Jesus) always knows where the money is.
5. He does not use the quick fix principal always.
6. Obedience is so vital even when his directions and leading may not be pleasant (Humanly speaking).
7. He has never and He will never let his children be ashamed.

Once again thank you so much.

Prayer Requests and Thanksgiving

Thank God for:

1. Pastor Shoo's successful trip to and from the US.
2. Bringing back the students safely from vacation and providing their needs through NLF.

Pray for:

1. Financial breakthrough for NLF.
2. Revival among the staff and students.
