## Fountain of Love

### Greater Love Hath No man than this...

The Primary School pupils enacted the Easter story in drama and song before they went home for their holidays.

It was a wonderful show of talent and the plays were well thought of and organized by the students themselves. One group in particular demonstrated the drama so well it brought many to tears.

These plays help the pupils to keep in memory Bible events and to have a mental picture of what happened according to the Bible. It also helps them to articulate themselves in public and increases self confidence.

### The Lord of Transformation

Robert, the young man we featured in the January-February newsletter came to NLF and shared his testimony. He explained how he had collapsed, was hospitalized and how he got healed when God used the NLF students-after everyone had given up on him. He looked very healthy in comparison to the earlier photos that had been taken of him at the hospital. He testified that he has since given his life to Christ, has stopped taking marijuana, smoking cigarettes and drinking beer. He was very eager to be directed to a place of worship.

### Celebration time

On 14th of April, secondary school with leadership and students and invited NLF guests, met at NLF headquarters and had a day of celebration. The program was MC'd and students showed off their many godly talents in worship, drama and dance. Each of the Forms 1-4 presented worship songs and a special drama. The talents are many and the students were excited to see God move among us and there was great joy and lots of laughter. The leadership was able to present certificates and awards to the top 3 students in each class and all were encouraged to continue to do the best they can to glorify God. The day was filled with lots of fun, great food with sodas and amazing fellowship between leaders and the students. We were pleased to have our midterm exams over and looked forward to an amazing Resurrection celebration before regrouping for returning to classes in May.

**Prize giving, drama and singing.**

## Fountain of Hope

### Awards

Once the Primary school results were out, there was an award ceremony. One Primary school student was awarded an 'improvement award' at the end of the term. He is a reflection of God's working in the children's lives. He had all the tendencies of an abnormal child. He had a short attention span and incontinence- many times even affecting him in class. He was rather slow, unkempt and withdrawn. His performance in class was also very poor.

All this has drastically changed and today he can identify with his surroundings, is clean and is improving in his class work. He has also opened up and can now easily interact with his peers. We give thanks to God for using the teachers as his vessels to love the children un-conditionally until changes have occurred.

Another pleasant little girl in lower Primary school who was once HIV positive but reversed to negative status later, received an award for 'most hardworking pupil 'in her class. She is self motivated and an all round pupil always trying to do her best in everything.

## Fountain of Zoe

### Donation

A friend called Lucy from Germany visited NLF and donated many clothes for the little children at Fountain of Zoe, and those primary school children who remained in the school when the others went for vacation. She also donated sportswear, a football and its pump for the Secondary School football team.

### Film

The upper grade primary school children and the secondary school children were shown a movie about a child who had gone through a lot of difficulties in her life but later came out victorious by God's power.

### Computers

20 computers were purchased from Viafrica at very reasonable prices. They have all the school subjects programmed in them. Students will use them with the help of the teachers to hone their computer skills and to access information relevant to their studies.

Awards

Children watching the movie

Clothes donation

Dear Friends

Once again we sincerely appreciate your support.

We have seen the goodness of the Lord in the land of the living.

We praise God for all that He has kept on doing to His children at New Life Foundation in East Africa.

**Pr Glorious Shoo and  
Mrs Josephine Shoo**

We just returned from the USA and CANADA. Our trip to USA and Canada was so wonderful and amazing each day.

The Lord kept on touching the hearts of his people for the children of Tanzania.

We are still committed to hear his voice and to follow it. All glory and honor to him. We feel unworthy of his favor but then we understand the meaning of mercy and grace. His loving-kindness surpasses our understanding and human comprehension.

Our Journey began by having people and students commit to be praying and fasting for us until we return. Each day there was someone fasting and praying for the trip. Then we had people who prophesied, the prophecy was "God will be using some different ways from what he had done before".

## **The first Week in New York.**

We had a wonderful time in New York where the Promise ministries International treated us with Royalty and provided for our accommodation. They kept on helping us by dropping and picking our passports to and from the Canadian Embassy in New York. We had applied for Canadian Visas in New York.

## **The Second week in Missouri**

In Nixa, Missouri we had an amazing time with Debbie and John Kiehl , Gabor and Candy Siklosi, Christine and Robert Nemeti. Then in Independence, Missouri we had a wonderful time with Jane Howard, Helen French, Linda and Tony Landers, Claire and Mike and so many others. While in Missouri we stayed with John and Debbie Kiehl who were wonderful hosts. During our time with them we had an opportunity to speak at a Radio station in Branson and so many other activities. One of the people they connected us with was committed to help get food for our children worth USD 110,000. All the children were so blessed to hear about the miracle of the food. Now we have a container coming with this food. I will share later on something so great that the Lord did through someone from Missouri.

## Words From Pastor Glorious Shoo

### The third week in Colorado

We had wonderful time in Colorado. Rose and Wayne Ebert were again our hosts. We had an interview with KTLF radio, and visited HCJB. These are people that run radio stations all over the world.

Wayne had planned for an eye appointment for us. We were checked and Josephine and I were both given glasses.

We actually did not know about our need for glasses.

We also had Dental care whereby all of us received a wonderful service from the Dentist who Wayne had connected us with. It was worth more than USD 3,000 that was donated by Dr. Lamb from Colorado. We visited USAFA, ACSI and Focus on The family.

### Fourth Week in North Dakota, Canada and Connecticut.

While in Colorado Springs we had a friend communicating that he would like to give a donation. He paid for our tickets to go to North Dakota and gave us a marvelous donation. Out of excitement we shared with friends who had been praying for our time in USA. Our mom Jane Howard shared with some friends about God supplying for our need, a friend donated another huge amount of money to the organization.

**"OUT OF  
EXCITEMENT  
WE SHARED  
WITH  
FRIENDS  
WHO HAD  
BEEN  
PRAYING".**

Then we went to Canada where we had a wonderful time with Janet Shaver and some other friends that are key in helping us revive NLF in Canada. We will soon give you the details of what is happening in Canada.

In Connecticut we spent time with the Domino's family and we had several other friends that were a great blessing to us. When we left for USA we had needs that were about 80,000 USD. When we came back we had people who had donated about 60,000 USD. All the glory and honor be to our God.

Thank you so much for your prayers.

In Christ,

Glorious and Josephine Shoo.
