

# New Life Foundation

God's Heart Hurts When Children's Hearts Hurt  
June 2012 Newsletter

**What a joy it is to influence the  
life of a child!**

*This month we appreciate God for one of the numerous gifts He has given to us - our teachers at NLF.*

*One of them is Mrs Mary Mahene, the Primary School Headmistress who has worked in New Life Foundation for several years.*

*Mrs Mahene left a well paying teaching job and rejected lucrative job offers to obey God's call to work with children at NLF.*

*This far she has made a lasting impact in many children's lives and she is still a role model to many. One of those children is Doreen.*

**Mrs Mary Mahene**

*Doreen was one of the naughtiest girls in her class in Primary School. She was outright disobedient to her teachers tempting some of them to even give up on her. At times during class hours she could bleat like a goat just to show off. She didn't have a care in the world.*

*Mrs Mahene a Primary School teacher then, decided to befriend her. She called her aside and did simple assignments with her daily like recording students marks together. In time everybody labeled Doreen 'Mrs Mahene's friend.' She gradually changed and revealed to Mrs Mahene the reasons for her misbehavior, she felt un-appreciated both at home and at school.*

*When she completed her Grade 7, she received an award for 'Most Disciplined Student.' from NLF.*

*'You changed my life' she said to Mrs Mahene in one of the numerous letters she has written to her.*

*Today she is in Higher level Secondary School and constantly communicates with her former teacher, always referring to her as her best friend.*

*Her mother is inexpressibly glad and does not cease to thank Mrs Mahene for her good work.*

Dear Madam  
How are you?  
I just passed by to greet you but was told you are sick. I was very sad to hear that.  
I am doing very well and hope to see you soon.  
Please receive this packet of cookies I bought for you.  
Take care!  
God Bless you and your family.  
Your Best Friend

## Fountain of Love

*Children trainers listen keenly to a lesson.*

*The NLF President gives basic necessities to needy pupils*

*The Fountain of Love carried out a training for Compassion International children trainers. The 33 attendants from different denominations in Moshi begged for more and testified that they have not had such training in the past. They held an emergency meeting and made a decision to have NLF carry out more training with their staff in future.*

*NLF gave some of the most needy children in our school their basic needs. This included things like toothpaste, bathing and laundry soap, toilet paper, shoe polish and brush etc. We thank God for His care.*

*Staff Volunteer  
Melkizedek Muro*

*Chelsey Galipeau-USA  
with Linda Kasembe who  
she sponsors.*

*Bibles donated by Chelsey-USA*

*Melkizedek Muro volunteered to work at NLF for two weeks and greatly influenced the students as he interacted with them in their hostels, prayed with them, shared his life experience and testimony, and helped many of them realize their God given gifts. He also showed to them Christian movies and ministered to the staff as well.*

*Most of the times I find myself meditating upon the words of our Lord Jesus when he said about what the Father will tell his servants at the judgement day.*

*The words “ **Well done, good and faithful servant**” have been flashing into my mind every now and then. I cannot stop thinking that the quality (faithfulness) of our work will mean much more than anything to our Lord than the quantity and magnitude.*

*I want to express my appreciation for your generosity in support of our children and the programs, finally the food that was long awaited from the USA to our children is on the way. We thank God for individuals and organizations that have been a great blessing in making sure that the food is finally sent to us.*

*May I sincerely thank all of our supporters for standing with us in all seasons. Your personal commitment has been incredibly helpful and allowed us to reach most of our goals. Your assistance means so much to us but even more to these dear children.*

*Your generosity has always made an immediate difference in the lives of children at New Life Foundation.*

*We pray that if you ever need help in any area of your life, may the Lord return the favor.*

*Again, thanks so much for all you've done for us.*

*You are making a difference!*

*Thank you so much.*

*On behalf of the children under our care*

*Glorious and Josephine Shoo*

## Prayer Requests and Thanksgiving

### *Thank God for:*

- 1. Giving us several new teachers who have a heart to serve Him.*
- 2. Giving us the opportunity to train others about children's ministry.*

### *Pray for:*

- 1. The successful completion of the A - level building.*
