God's Heart Hurts When Children's Hearts Hurt
June 2011

Fountain of Hope

Upcoming Events

The NLF yearly conference will be held on 15th and 16th July 2011. This coincides with our 10th Anniversary and you are all invited to the celebration.

The nursery school children had a blast as a group of six missionaries dedicated their time for one week to be with them. During this time, they sang songs and played with them. They also read Bible stories for them and did some drawing with them. The children really enjoyed it all especially the Bible stories, refining their drawing and colouring skill and of course playing!

Gina, a missionary who lives in Moshi brought a group of her friends from USA to the Primary school. They taught the children a lot about prophetic worship. They divided the children into four stations and taught; Worship through dance, Listening to God, Presenting what you have heard from God through pictures, and worship through singing.

They also had a wonderful time with the staff ministering to them prophetically and encouraging them with the word of God to them for the moment.

The Secondary school discipleship groups had get-togethers in their different groups as they closed school. It was a great time of joy, fun and food as they socialised with their facilitators and group members. They looked forward to seeing their relatives at home and prayed for each others time during their holidays.

Onesmo Yusto, one of the famous gospel musicians in Tanzania visited the school and blessed the children with wonderful songs. He sang songs of encouragement to students who wanted to excel in their studies and songs of warning to the teenagers about living a chaste life. The message ran deep and you could evidently see it as the students and staff responded.

Children worship God using different instruments

Discipleship group get together

Children put in pictures what the Lord has shown them

Fountain of Love

Honor

Pastor Ryan Hebling the resident missionary at NLF introduced this month's theme as honor. We all have to honor one another. We have to remember there is a pot of gold in each of us and see how to dig that out. Here is what he had to say "Here at New Life Foundation we are training the children to honor one another above themselves (Romans 12:10).

"Be devoted to one another in brotherly love, honor one another above yourselves."

We believe honor is an attitude of the heart that manifests in how we think about and speak about/to God, each other and ourselves. When we accurately acknowledge the eternal value that each human being possesses we honor them. This releases life and blessing.

It is important to honor others even when they don't deserve it. As we speak to one another and treat one another in an honoring way, we create a new standard for individuals to reach for. As we honor one another Christ is honored. An environment of honor brings encouragement and faith that allows God's children to fulfill their destiny in Him. Ultimately God is glorified when His people walk in honor!

Children pray for missionaries

Deliverance prayers

Pedaya and Purity of Fountain of Zoe

Emmanuel Paul

Zoe

We thank God for His faithful care on the twins little Pedaya and Purity. They were hospitalized due to fever and rashes but the Lord delivered them and now they are completely healed.

Free from bondage

All the staff were involved in chain prayer for one of the little children in Primary school who had been having evil spiritual attacks. He is now doing very well. Another one from Secondary school who had the same problem was also ministered to through prayer and we believe the Lord is doing a work in him. He denounced the works of darkness and all the witchcraft paraphernalia he had was set ablaze.

Sports

One of the Secondary school children-Emmanuel Paul has done NLF proud. He is a multi-talented boy in sports. He was elected as one of the best players in the zone and traveled to different towns in the country to represent the Kilimanjaro region where our school is. This opportunity enabled him to share out his testimony wherever he went. Blessed be God for shining through this young man.

Classroom decoration

There was a classroom decoration competition in the school and Grade 2 emerged the winners! It was a very humbling and also encouraging thing to see the expectant bright little faces as their classrooms were judged. The panel of judges comprised of various staff from NLF. The little Grade 2 children outdid the rest due to their creativity using paper work. They made little paper boxes for their ceiling decoration and even had a flower vase and flowers made of paper!

Words from Pastor Glorious Shoo

10 YEARS OF RAISING AN ARMY FOR THE LORD:

(1Sam 2:7)

The LORD impoverishes and makes wealthy; he humbles and he exalts.

(1Sam 2:8)

He lifts the weak from the dust; he raises the poor from the ash heap to seat them with princes and to bestow on them an honored position. The foundations of the earth belong to the LORD, and he has placed the world on them.

Dear Friends, supporters and parents of our children,

We cannot dare to begin telling what we have done for the past ten years. If we will start telling what we have done in the past ten years then we will need to confess that we have been weak and vulnerable, we have been beaten and defeated in several areas. But if we will tell you what the Lord has done then we have a lot to tell. We will tell you on how he has changed us from glory to glory. How he is using those that the world would call trash, but he has made them treasure.

He has promised that "HE GIVES VISION AND PROVISION FOR THE VISION" He makes the weak strong and poor rich. We thank God for his faithfulness and we thank you for being there for us.

You are our partners in the work that we are doing for the children.

Children are the hope for our country, our church and our future. The only hope for the transformation of the nation will be the children who are trained in the way they should go.

I would like to repeat again what I have said in the previous newsletters, since these are the words that fill our hearts.

We are blessed to have people like you from around the world who have tirelessly kept on supporting us. I have said again that when the Lord spoke to us that "we should build him an army" little did Josephine and I know that it will be effective right away when these children are still in school and as young as elementary school children.

The army is already there doing great things for the Lord. One of the messages on children ministry that has kept on speaking to me is GOD WANTS TO USE CHILDREN FOR HIS OWN GLORY.

The story in Luke 19:29-34 talks about Jesus sending Disciples to untie an untrained young colt and bring him to Jesus. He told the Disciples and if anyone asks you why are you untying the colt tell him "THE MASTER has a need of him"

We need to set free the children and make them ready for the master's use. There will be a lot of question on why are we Involving children in the ministry and in other Christian activities. The simple answer is THE MASTER HAS A NEED OF THEM.

We are in the last days and God is pouring his Spirit upon all flesh. Just as this young donkey was an instrument in carrying Jesus on his triumphant entry into Jerusalem. The children will usher in the coming of the Lord. If it wasn't for your prayer and material support we could not have been where we are. We started in 2001 so 10 years have passed and we have a lot of testimonies of God's faithfulness to tell.

We started with the following:

1. Vocational Training. – FOJ – Fountain of Joy
2. Training for the Children workers and Outreach for the children – FOL – Fountain of Love
3. Nursery School then Primary School and now Secondary School – FOH-Fountain of Hope
4. Next year we will begin form 5 then form 6
5. By the year 2013 we will begin our university by the name of Fountain of Hope University. Our aim is to build a University of its Kind in Africa where the best leaders will be raised.
6. We will soon construct a center for the children ministry where children ministers from around the world will be trained.

We are now incorporated in a) Canada b) New Zealand c) Norway. We have representative in South Korea and now the Lord is taking us to UK.

God has been calling the supporters from around the world who have come and been part of great things that God is doing. God is raising for himself people that will do according to what is in His heart and his mind. The reports and testimonies that you read are stories of God's faithfulness and commitment to keep His word.

To Him be all the Glory and honor and power.

Thank you for being part of what God has done.

From the servant of the little ones and for the Glory of God.

PASTOR GLORIOUS AND JOSEPHINE SHOO

Prayer requests and thanksgiving

Pray that the Lord may provide all the physical needs of the children

Pray that the Lord may minister personally to the emotional needs of the children

Pray that God may plant His word in the children's hearts and it shall not be erased

Pray that God will raise the spiritual standard of the staff so that they are able to minister to the children correctly

Thank God for healing children and staff who have been sick

Thank God for providing shelter, food and clothing for many children who would otherwise not have had them

Thank God for keeping the children safe from danger and protecting them

Thank God for providing godly trainers for the children
