New Life Foundation

God's heart hurts when children's hearts hurt!

President's Word

Hello friend,

I will begin, as always, by thanking you for your support. I always begin this way because I believe your love, prayers and support is one of the most important sustaining factors for New Life's continual health and growth.

This month has been a month of splendid additions into our lives as an organization. Our partnerships have grown through our involvement with GCF 5.0 and our internal ministry continues to blossom into what we believe God has intended for it.

We have begun our strategic planning and just recently completed the second phase of this foundational period. Please direct your prayers towards this as we have agreed to make 2013 our year of planning. Under the leadership of our Board Chairman, Pastor Elingarami Munisi, God has been guiding our steps and surely nudging us in his direction.

We are truly blessed. Again, thank you very much for your continued contributions to God's work here in Tanzania. You are loved, valued and appreciated by not only us – who you stretch your hand to support – but also by our Lord, Jesus Christ, who we all diligently serve.

*With love, Your Friends in Kilimanjaro,
Glorious & Josephine Shoo*

Moving Forward

For I am the LORD, I change not... (Malachi 3:6)

As we went through many changes during the month of June, we were reminded of the dependable, unchanging nature of our God. We have new teachers at Fountain of Hope, new workers for Fountain of Love, new partnerships and some old faces saying goodbye. Our God remains the same. Through the excitement and adjustment that change necessitates, we have seen the Lord's constant hand. Here's hoping that this newsletter lifts your spirit regardless of any winds of change going through your life. Embrace it! Know that the same Lord who has been with you until now is the same Lord who is in control of your life today. You are blessed!

June Highlights

New Teachers for Fountain of Hope

New Life Foundation is extremely pleased to announce the arrival of 5 new members of our teaching staff at Fountain of Hope. We have acquired the services of 3 new teachers for our Primary School Mr. Mwarabu, Mr. Eric and Ms. Blandina and 2 new teachers for our Secondary School Ms. Agnes and Mr. Chipya we have also welcomed the return of Ms. Margaret who had taken leave to further her education. We thank God for this huge answer to our prayers!

Primary Sch. Teachers Seminar

All of Fountain of Hope's primary school teachers participated in a two-day capacity building seminar on Wednesday, June 12th and Thursday, June 14th. The seminar was facilitated by primary school teacher, Mr. Grant Mwakajila, and was centered around the lessons learnt from his visit to NLF partner, Hebron Christian College in New Zealand. The interactive sessions were broken down into topical units for discussion on areas where Fountain of Hope can improve led by Grant's sharing of the lessons he recorded from Hebron during his time there. New Life Foundation are blessed for the lasting impact our special partnerships like the one with Hebron Christian College have on our staff and, more importantly, our children.

Secondary Sch. Tour and Closing

A group of 103 students visited the iconic Ngoro Ngoro Crater and the picturesque Lake Manyara national park right before school closed for the June holidays. They were accompanied by teachers Mr. Hans Kemei, Mr. Josephat Turyamureba, and Mr. Godlisten, caregiver Mama Ebenezer, parent chaperone Mr. Mboya and cook, Mr. Lema. Their trip was an unqualified success with the children seeing the historical sites of Tanzania's northern trail along with Tanzania's rich wildlife.

More from June...

UNITE visit New Life

Led by Anne Wells, a team from the United States, “UNITE the world with Tanzania” visited our headquarters in Mailisita, Moshi this week. The team was welcomed by our traditional NLF *ngoma* dance and went on to visit the recently launched bee-keeping project. UNITE donated money towards the establishment of this project and connected New Life to Maasai Honey, a Tanzanian beekeeping company, who have been instrumental in this work. The team also ended their day at our Fountain of Zoë’s babies home in Boma Ng’ombe. We were truly blessed!

Training World Vision Trainers Kigoma 2013

Through Fountain of Love, our outreach and training arm, we conducted a follow-up for World Vision in the northwestern region of Kigoma. FOL had trained World Vision’s trainers last year and did an evaluation and follow-up for the . The program was carried out over three days: Day One included questionnaires, a Q&A session where we answered pertinent questions, and an evaluation of their program activities. Day Two and Three included visits to different villages in the area where the trainers work, and a meeting with the trainers our trainees from last year trained. The overall response we sent to World Vision was a positive one, with our trainees themselves successfully training other trainers.

Alyssa & Mari Farewell

New Life Foundation sent off a dearly loved and very valued member of its family this month. Alyssa Rose Domino has been a phenomenal blessing to New Life Foundation and its members throughout her 8 months of volunteering here. From teaching English to our Fountain of Joy girls, to being an active member of our 10-yr strategic planning meetings, she has been a valued addition to the NLF family during her time here. We also said goodbye to Norwegian volunteer Mari Alexandra. Mari was a loved figure during her time here and we wish her a blessed life as she returns to life in Norway. These two amazing women shall be dearly missed!

Thank you!

New Life Foundation appreciates your continued interest and support as our organization grows forth. We would love to hear from you and see your friendly faces. Your time, expertise, donations and – above all – your hearts and prayers are what keep God's work at this organization rolling!
