God's Heart Hurts When Children's Hearts Hurt  
May 2011

## Fountain of Hope

### Grateful Hearts

#### Upcoming Events

*The NLF yearly conference will be held on 15th and 16th July 2011. This coincides with our 10th Anniversary and you are all invited to the celebration.*

The Primary school children were elated to be back to school on opening day this month. Their parents were full of joy and expressed their gratitude for what their children are receiving. Pastor Mkumbo, blind from his childhood is one such parent. He testified that he was amazed by his nursery school son Benjamin. During the holidays he was a changed boy. First of all he urged his family to have

**Pr Mkumbo's family**

fellowship every night and was ready to lead the prayers in English. His character had also changed drastically and he was a well disciplined boy now. In addition to that, in a class of 28 pupils, he was position 6 in academic excellence. This parent was full of thanks to God for what he was doing in his son's life and also to the school for accepting his son and giving him a good education. One grandmother whose grandchildren (the Mboya's) are enrolled in the school could not hold back her tears as she recalled the great help the school had been to her. Her grandchildren were abandoned by their parents and she was left with the heavy responsibility of taking care of them.

### Called to make a difference

**Teacher Ronda**

Teacher Ronda Dux is a missionary from USA working in Fountain of Hope as a grade 6 class teacher among many other responsibilities. She gave this account about her students. "I started teaching my students when they were in Grade 4. They were the most troublesome students at the time. Many of the boys had discipline problems, they were destructive and several of them were about to be expelled from school. They were doing terribly academically and in cleanliness. God gave me a deep love in my heart for my students and one weekend I was burdened in my heart for the troubles. That weekend I

have them

prayed and fasted that God would do something. I even sent messages to friends in America to pray. I felt God asking me to form a small prayer group of my students to pray for my class. We prayed every Friday and some students even fasted.

Today my students have changed so much. It could be that they are growing and maturing but I know God has done the big part. Last term not one of them fell below an average of grade C. My students have been rewarded for having the cleanest classroom in the entire Primary school. Last term, the headmistress told me that none of my students had any discipline issues. They are also growing spiritually, hearing from God, praying for the staff and for the sick in hospitals, and leading others in Praise and Worship.

**Fountain of Love**

There was a seminar for all the new employees who joined the organization this year. They were empowered with good training and information about the organization and its core objectives. The fact that the organization is dealing with a large number of disadvantaged children was taught. The staff were taught various methods of showing care to the students. At the end of the seminar each staff member committed to befriend and help at least two students to have a better feeling of life, by sharing with them and encouraging them regularly. Newport Mesa church of Carlifornia, USA donated two guitars to the organisation . One was given to the girl s and the other to the boys. Several Britons and one American greatly blessed the staff when they ministered in prophecy to them. The children also had a chance to pray over them.

**Party**

It was a time of refreshing for all the staff as they had a wonderful get together at a nice hotel in town.

The staff were all smiles and looked really good and happy as they welcomed the Shoos back from America.

Each member of staff received a 'Thank You' card from the management and a token of appreciation.

There was lots of food and fun and all the staff felt rejuvenated.

**Pr Shoo demonstrates a point at the seminar**

**Missionaries visit Pr Mkumbo's home. Dallas on the extreme left.**

**Guitar donation**

**Secondary sch girls dancing and praising**

**Play time**

**Missionaries**

**THEY TAUGHT ME PATIENCE, LOTS AND LOTS OF PATIENCE**

Dallas Rhinehard from Carlifornia USA came to New Life Foundation on December 31st as a missionary intern. This month he finished his internship and bid farewell, going back to Carlifornia. Here is what he had to say,

"My favourite part of coming to New Life was my ministry with the children, especially the nursery school students. I think they taught me more than I could ever teach them. They taught me how to truly love people, but most of all they taught me patience, lots and lots of patience. It was amazing to watch them grow and learn. One of my favourite students to watch was Prosper.

When I first started to go to nursery school, he would cry all the time mostly without a reason. Now he smiles and laughs, its really amazing to see. Of course I had many other great experiences I couldn't possibly list them all out one by one.

I will be sad to go and have to say goodbye to all of the wonderful kids but I know I will be back soon."

## Words from Pastor Glorious Shoo

Dear Friends and supporters of NLF.

We are approaching our 10<sup>th</sup> anniversary of the great work that God had established 10 years ago. I wish we could have all of you here in Moshi to laugh, dance and praise God with us. We are experiencing a wonderful visitation from the Lord in many ways. God is answering our prayers.

In this issue we have featured Ronda Dux who has faithfully worked with us for the past three years. I have an honor to announce the engagement between Ronda Dux and Paul Lemieux . We are expecting to officiate their wedding here in Tanzania this year. We are so grateful for all that God has done through Ronda and now to what He has done to her and Paul.

Few Saturdays ago in the morning one of the male students who is at the secondary school (Linda House) met with five men who are actually criminals. They stopped him and asked him, what kind of demons do you keep at your school? The boy (our student) responded "why are you asking so?" They told him "yesterday (Friday) we were passing by your school (Linda House), and we saw a very tall shining man walking along the boundaries of your school." He was as tall as the buildings. We stared at him and looked as he rounded the property. Finally he came to the entrance gate and started chasing us, we ran away screaming." The boy was so marveled and knew it was an angel of the Lord. He also knew that they were not passing by but they had intention to rob the school.

The student shared this with the Principal. When the night watchman heard about the story he confirmed by saying, "last night there was no power but I heard a bang at the entrance gate and then there was a bright light at the compound, such that I could see my shadow. I didn't know the source but I thought that the school vehicle was outside the compound. I had such peace that there was no thought of anything negative." He actually laughed a lot while seeing the bright light.

Then one of the girls who stay at the Linda house dormitory again confirmed that she was awake sometimes after the midnight, and that she heard several people screaming while running away from the gate to the main road.

### THE TRUTH FROM THIS AMAZING STORY.

God's eye is always at his children, when he calls he provides and sometimes what he provides is more than what we ask for or think. He has assured us over and over that the work at NLF is His work.

We serve God who is so amazing. Thank you for being part of what God is doing here at NLF.

Once again thank you so much for partnering with us.

Glorious and Josephine Shoo

## Prayer requests and Thanksgiving

Thank God for His protection on NLF.

Thank God for keeping the children safe and healing those who have been sick

Thank God for providing new staff to NLF

Thank God for providing NLF with committed staff

Pray for the health of the students, the staff and the children of the staff

Pray for God to continue speaking to and bringing more new NLF partners and sponsors

Pray for God's Blessings upon all those who are affiliated to the NLF ministry
